

Koinos Hacks Season 1

Sponsorship prospectus

Koinos is the learning, hackathon and talent platform for ambitious African builders, run by BlockAfric Global Services Ltd in partnership with BCO Foundation. Season 1 trains builders through online learning tracks, then teams ship real products for sponsor challenges, ending in builder demo days and awards.

Season budget

Category	Scope	Amount (₦)
Prizes	Cash prizes for winning teams	5,000,000
Logistics	Venues, power, connectivity, security, feeding, transport	8,325,000
Media, marketing & tech	Content, outreach, platform and streaming	7,500,000
Trainers & mentors	Workshop facilitators and team mentors	2,000,000
Contingency & management	Programme management and risk buffer	5,706,250
Total		28,531,250

Sponsorship tiers (capped)

Slots are limited so that a fully subscribed season covers the whole budget. Live availability is shown on the Koinos corporate page.

Tier	Price (₦)	Slots	Seats	Highlights
Headline	10,000,000	1	200	Title naming, keynote, own challenge track, judging seat, premium logo placement
Gold	2,500,000	4	50	Sponsored challenge, judging seat, stage mention, talent access
Silver	1,000,000	6	20	Workshop slot, logo on site and media, talent access
Bronze	500,000	6	10	Logo on site, demo day invitations

Where the money goes

70% of every sponsorship funds single-use ₦35,000 scholarship seats: each one gives a learner a paid track free of charge, and the sponsor gets the codes to share. The remaining 30% covers payment processing and running the hackathon. Custom sponsorships from ₦100,000 receive 2 seats per ₦100,000.

How to sponsor

Visit the Corporates page on Koinos, choose a tier and pay securely through Lotus Bank (card, USSD or bank transfer). Your scholarship codes appear right after payment is confirmed.
